### **Missing Sarah: a memoir of loss**

This is the story of Sarah, told through her own poetry, excerpts from her journals, her parents' and siblings' memories and the recollections of people who knew Sarah during her fourteen years downtown. A portrait emerges of a bright, funny, charismatic and sensitive woman trapped in a downward spiral of self-loathing, prostitution, drugs and violence.

A man named Robert Pickton has been charged with the murders of twenty-two of those women. My sister, Sarah's DNA was found on his property in August 2002 and in the spring of 2005, he was charged with her murder.
